Hi (b)(6):(b)(7)(C)

We've received a few reports of ICE activity in east Austin, specifically the FM 969/Decker Lane and Decker Lane/Loyola Lane areas, and were wondering if you could give us any sort of confirmation or information about what is going on there? We have reports that ICE agents were pulling over cars in the area and requesting documentation, and that at least one teenager was taken into custody. Can you confirm how many arrests were made?

Thanks so much for your help,

**Subject:** Warrant Question

Hi Nina,

I have a question related to my angle for the story tonight about what ICE is and is not allowed to do. Specifically we are looking at if ICE has different powers compared to a police department, etc. In an interview I completed within the last hour, an immigration attorney told me ICE much have a warrant to arrest someone. I read this information in your email earlier:

"ICE conducts operations daily nationwide. ICE does not conduct random sweeps; all ICE operations are based on investigative leads."

My question is, does ICE always get a warrant before making those arrests? In what cases is a warrant not necessary for ICE to make an apprehension?

Thanks again for helping us with this information.

**Subject:** ICE arrests in Austin: Question

Hello,

My name is (b)(6);(b)(7)(C) and I'm a reporter at KUT News in Austin. I wanted to see if you could confirm how many people ICE has detained in Austin since 2/9/17 and how many people in Central Texas overall?

I also saw reports of ICE officers arresting people at schools. I was wondering what the policy is here? Were ICE agents waiting at the school for people they had a warrant out for? Or were they following these individuals who ended up at a school? Does ICE normally arrest people at schools or use school records as a way to identify and locate individuals?

My deadline is 5pm Sunday, February 12<sup>th</sup>.

Thanks,

(b)(6);(b)(7)(C)

Can someone please review and approve this issue paper before I provide it to my boss. We have both local and national media asking about this.

(b)(6):(b)(7)(C)

**Issue:** Multiple media calls regarding the injury of an ICE ERO Officer. Media is asking for ICE to confirm the injury took place and if ICE is working an enforcement operation.

The following media are requesting information: Local ABC, CBS, Telemundo, Univision, Austin American Statesman, National Reuters, National Univision, Breitbart News.

**SNA ERO BACKGROUND:**

Early this morning, ICE ERO in Austin were working their enforcement operation. When they arrived to a location on the Northwest side of Austin, ICE ERO Officers attempted to arrest one criminal alien and this is when that criminal alien struggled with the officer. According to Austin PD PIO, they received a 9-11 call that an officer needed assistance during a struggle with a individual who was reaching for the officers weapon. Austin PD arrives to the scene, ICE ERO had already handcuffed the criminal alien. Austin PD arrested two females allegedly living with the criminal alien. They were taken into local PD custody. Austin PD ran criminal checks on the two females and this is where both had arrest warrants. They were taken away and are expected to be charged this morning.

ICE Officer was sent to the hospital to treat injuries sustained during the scuffle. According to the SNA FOD, that officer is expected to be released from the hospital shortly.

SNA PAO contacted (b)(6):(b)(7)(C) EMS since media was sharing that EMS was confirming the injury of the ICE Officer. EMS says they are not providing any information to the media only that one individual arrested from that location was taken to the hospital.

**ICE DRAFT STATEMENT:**

"ICE confirms that one ICE Officer was injured during Friday's enforcement action. The officer is being treated at a local hospital and is expected to be released on Friday. No further information is being provided at this time."

**ON BACKGROUND EXTERNAL**

ICE also confirms it conducts operations daily nationwide. ICE does not conduct random sweeps; all ICE operations are targeted based on investigative leads. By removing criminal aliens from the streets, ICE helps improve public safety."

## **Castro Statement on ICE Raids in Texas**

**San Antonio, TX** – Today, Congressman Joaquin Castro (TX-20) released the following statement regarding reports of Immigration and Customs Enforcement (ICE) raids taking place in Texas:

“I have been informed by ICE that the agency’s San Antonio field office has launched a targeted operation in South and Central Texas as part of (b)(7)(E) I am asking ICE to clarify whether these individuals are in fact dangerous, violent threats to our communities, and not people who are here peacefully raising families and contributing to our state. I will continue to monitor this situation.”

#### Statement

ICE regularly conducts targeted enforcement operations during which additional resources and personnel are dedicated to apprehending deportable foreign nationals. All enforcement activities are conducted with the same level of professionalism and respect that ICE officers exhibit every day. The focus of these targeted enforcement operations is consistent with the routine, targeted arrests carried out by ICE's Fugitive Operations Teams on a daily basis.

ICE will not confirm an operation prior to its completion, nor will ICE speculate on future operational activities.

#### BACKGROUND (Attributable to an ICE official):

For aliens who have had their due process and have been ordered to depart the U.S by a federal judge, it is ICE's duty to execute those judicial orders. The taxpayers of this country spend a significant amount of money on the apprehension, detention, and judicial proceedings for individuals entering the US in violation of federal law. When a federal court issues a final decision, those orders must be implemented by ICE.

The president has been clear in saying that DHS should be focused on removing individuals who pose a threat to public safety, who have been charged with criminal offenses, who have committed multiple immigration violations or who have been deported and re-entered the country illegally.

**Subject:** ICE Round-up Travis County

Hi, (b)(6):(b)(7)(C)

Can you give any information for the following:

1. Is the ongoing roundup in Travis County targeting violent criminals, overstay visas, people who crossed illegally within the last few years, or all of the above?

2. Is this part of any joint investigation with other agencies?
3. Does this round-up have anything to do with the Travis County sheriff's change in policy regarding detainees?
4. The DHS secretary stated there are new priorities for enforcement. What are those priorities?

I'm copying our newsroom assignments manager, so we don't flood your office with emails.

Thank you!

Hello Team,

I've gotten several emails from different members of KXAN.

You all need to decide who from the station is covering this story.

I hoping to have a response soon.

Take Care,

**Subject:** ICE stop?

Hi (b)(6):(b)(7)(C)

I am trying to get more information about ICE arrests or detentions in central Texas. First, do you have any information about a possible stop in Austin on North 183 this morning (if it was in fact a traffic stop, for what violation, who was taken into custody, was anyone hurt)?

Also, we have been hearing fears from immigrant communities in Austin about ICE "raids" and traffic stops. Has there been an increase in enforcement activity in the Austin area? Is there an increased presence of any sort and, if so, is it because of the current Travis County Sheriff's Office change in policy?

How many agents typically work in the Austin area? How many are working in the Austin area right now?

Thank you,

I am a reporter with Reuters News seeking comment on two items in the Austin area.

Does ICE have any comment, or can it provide details, about the officer who sustained injuries in an apprehension in north Austin on Friday morning?

Also, does ICE have any comment about the report in the Texas Observer that five people were detained in Austin on Thursday for suspected violations of immigration law? <https://www.texasobserver.org/ice-agents-reportedly-detain-undocumented-immigrants-in-austin/>

(b)(6):(b)(7)(C) we are not conducting any media interviews.

See our statement below.

(b)(6):(b)(7)(C)

STATEMENT (Attributable by name to spokesperson):

ICE regularly conducts targeted enforcement operations during which additional resources and personnel are dedicated to apprehending deportable foreign nationals. All enforcement activities are conducted with the same level of professionalism and respect that ICE officers exhibit every day. The focus of these targeted enforcement operations is consistent with the routine, targeted arrests carried out by ICE's Fugitive Operations Teams on a daily basis.

ICE will not confirm an operation prior to its completion, nor will ICE speculate on future operational activities.

BACKGROUND (Attributable to an ICE official):

For aliens that have had their due process and have been ordered to depart the U.S by a federal judge, it is ICE's duty to execute those judicial orders. The taxpayers of this country spend a significant amount of money on the apprehension, detention, and judicial proceedings for individuals entering the US in violation of federal law. When a federal court issues a final decision, those orders must be implemented by ICE.

The president has been clear in saying that DHS should be focused on removing individuals who pose a threat to public safety, who have been charged with criminal offenses, who have committed multiple immigration violations or who have been deported and re-entered the country illegally.

Congressman Castro is tweeting about ICEs enforcement operations taking place this weekend in south Texas. He's also saying that he's asking ICE to provide him with more information.

I'm responding to this reporter using our statement. But I'm not responding to what the Congressman is tweeting.

Maybe someone from OCR should contact him.

STATEMENT Just attribute to according to ICE

ICE regularly conducts targeted enforcement operations during which additional resources and personnel are dedicated to apprehending deportable foreign nationals. All enforcement activities are conducted with the same level of professionalism and respect that ICE officers exhibit every day. The focus of these operations is no different than the routine, targeted arrests carried out by ICE's Fugitive Operations Teams on a daily basis.

**BACKGROUND:**

ICE will not confirm an operation prior to its completion, nor will ICE speculate on future operational activities.

Reports of ICE checkpoints and sweeps are false, dangerous and irresponsible. These reports create mass panic and put communities and law enforcement personnel in unnecessary danger. Any groups falsely reporting such activities are doing a disservice to those they claim to support.

## **Castro Statement on ICE Raids in Texas**

**San Antonio, TX** – Today, Congressman Joaquin Castro (TX-20) released the following statement regarding reports of Immigration and Customs Enforcement (ICE) raids taking place in Texas:

“I have been informed by ICE that the agency’s San Antonio field office has launched a targeted operation in South and Central Texas as part of (b)(7)(E) I am asking ICE to clarify whether these individuals are in fact dangerous, violent threats to our communities, and not people who are here peacefully raising families and contributing to our state. I will continue to monitor this situation.”

## **STATEMENT FROM SECRETARY KELLY ON RECENT ICE ENFORCEMENT ACTIONS**

WASHINGTON – Last week, U.S. Immigration and Customs Enforcement (ICE) launched a series of targeted enforcement operations across the country. These operations targeted public safety threats, such as convicted criminal aliens and gang members, as well as individuals who have violated our nation's immigration laws, including those who illegally re-entered the country after being removed and immigration fugitives ordered removed by federal immigration judges.

ICE officers in the Los Angeles, Chicago, Atlanta, San Antonio and New York City areas of responsibility arrested more than 680 individuals who pose a threat to public safety, border security or the integrity of our nation's immigration system. Of those arrested, approximately 75 percent were criminal aliens, convicted of crimes including, but not limited to, homicide, aggravated sexual abuse, sexual assault of a minor, lewd and lascivious acts with a child, indecent liberties with a minor, drug trafficking, battery, assault, DUI and weapons charges.

ICE conducts these kind of targeted enforcement operations regularly and has for many years. The focus of these enforcement operations is consistent with the routine, targeted arrests carried out by ICE's Fugitive Operations teams on a daily basis.

President Trump has been clear in affirming the critical mission of DHS in protecting the nation and directed our Department to focus on removing illegal aliens who have violated our immigration laws, with a specific focus on those who pose a threat to public safety, have been charged with criminal offenses, have committed immigration violations or have been deported and re-entered the country illegally.

I commend the heroic efforts of the dedicated officers of ICE's Office of Enforcement and Removal Operations and those who provided assistance from ICE Homeland Security Investigations, the U.S. Marshals Service, as well as cooperating state and local law enforcement agencies. These professionals put their lives on the line to protect our communities and country. There is no greater calling than to serve and protect our nation – a mission that the men and women of ICE perform with professionalism and courage every single day.

What kind of targets are these, I'm referring to the crimes? Also, it only lists Austin, will this be only location? Or will there be more locations?

How many women and men and nationalities?

I will need to let my supervisor know. Let me know when I can do that? I will need to prepare a response to query, when media gets wind of this operation.

I appreciate your help in advance.

we have come up with a total of 250 targets for the Travis County Cross Check. Based on this number, we are requesting the following additional resources to cover a four day operation, February 4th through 7th.

- Six five-man Fugitive Operations Teams
- Six officers for processing
- Two Officers for a Transport Unit

The following is a breakdown of local assets that will be deployed during the op in addition to what we are requesting as noted above.

- 7 Fugitive Operations Officers
- 8 CAP Officers
- 1 ERA
- 2 Officers from Hutto

Attached for your review are the revised op plans for phase I of (b)(7)(E) with respect to Travis County. By close of Sunday, we will provide you with a firmed and solid target list for your review and approval.

Please let me know if you have questions.

My two cents, this is our answer:

"ICF conducts operations daily nationwide. ICF does not conduct random sweeps; all ICF operations are based on investigative leads. By removing criminal aliens from the streets, ICE helps improve public safety."

But I defer to the FOD.

Subject: Request for Clarification about ICE operations in Austin

Good morning (b)(6);(b)(7)(C) thank you so much for speaking to me on such a busy morning.

If media reports are accurate and an ICE officer was actually injured this morning in Austin, we are very sorry to hear that, and wish for his or her swift healing.

Speaking of media reports, this office was hoping you may pass along to the proper folks at ICE this request for clarification on behalf of our constituents in Austin. You're of course welcomed to furnish a response to the wider Council as well or send us a link if this information has already been provided elsewhere.

With the media reporting fear in some populations in Austin about changes in policy, it might be useful information to know whether the pace or focus of immigration-related arrests is a new phenomenon associated with the change in federal-level leadership, or is a continuation of the previous administration's policies. Historical arrest data would shed light on this.

Perhaps some context for how the decision is made to make an arrest, for example if the suspect has or has not had other violations, may be helpful for Austinites to know. Whether or not enforcement has increased in scale, or otherwise changed, may be good to know as well; To our knowledge, this has not been clarified for the public. Copied here is our Chief of Staff, (b)(6);(b)(7)(C) and our Policy Advisor, (b)(6);(b)(7)(C)

Thank you for considering this request, we appreciate your time.

Gratefully,

[REDACTED] (b)(6);(b)(7)(C) I spoke to [REDACTED] (b)(6);(b)(7)(C) and told her the FOD's intent was to have the majority of the cases cleared by Sunday with stragglers and clean up on Monday, while most teams are traveling back.

I need to have the totals, which she is working on so I can get the FOD an estimate of the O/T for Saturday.

I also need to send out a broadcast for volunteers depending on what she needs.

When you get with [REDACTED] (b)(6);(b)(7)(C) can you also get me a number of SRT members working for the O/T estimate as well? FOD said four or five members for a show of force and exigent issues.

Thanks

# In apparent case of mistaken identity, father caught in ICE sting

Undocumented immigrant (b)(6);(b)(7)(C) was on his way to deliver Valentine's Day chocolates to his daughter last week near Austin. Now, in what his family calls a case of mistaken identity, (b)(6);(b)(7)(C) is in an immigration lock-up near San Antonio. With Donald Trump in the White House and rumors of widespread law enforcement raids percolating throughout her heavily immigrant community in North Austin, (b)(6);(b)(7)(C) said she decided to help pay off her brother's unpaid tickets to help him avoid any trouble. It would lead to her own family's undoing.

On Friday, (b)(6);(b)(7)(C) got a call from a neighbor with disastrous news: Her husband — not her brother — got picked up by Immigration and Customs Enforcement after dropping off their three daughters at school in Pflugerville.

What began as an apparent case of mistaken identity soon mushroomed into a full-blown family crisis. Their dreams of opening a food truck in North Austin were dashed, and the family abandoned their home because it was now on ICE's radar. On Monday, their girls, all U.S. citizens, were on their way to an immigrant detention facility in Pearsall, 150 miles from Austin, to see their father.

(b)(6);(b)(7)(C) who has lived in Austin for 14 years as an undocumented immigrant, worked as a cook at an Austin restaurant. (b)(6);(b)(7)(C) his wife, is also undocumented, and so is her brother (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C) was one of an undetermined number of people detained in Texas in the past few days as part of national ICE operations that sent panic through immigrant communities. In a written statement released to reporters Monday, Homeland Security Secretary John Kelly said that ICE, in "targeted" operations last week, detained more than 680 individuals nationwide, 75 percent of whom had criminal records, including homicide and sexual abuse.

"These operations targeted public safety threats, such as convicted criminal aliens and gang members, as well as those who have violated our immigration laws, including those who illegally re-entered the country after being removed and immigration fugitives ordered removed by federal immigration judges," Kelly said in the statement.

(b)(6);(b)(7)(C) family wasn't expecting him to get caught up in the mix.

"[My husband] is a person who's never done anything wrong and who complies with the law,"

(b)(6);(b)(7) said in her native Spanish. “We don’t know why they detained him. He was driving his own car, not my brother’s. He has nothing to do with my brother.”

On Friday morning, she said ICE officers wearing civilian clothes and driving an unmarked van detained (b)(6);(b)(7)(C). She said he was on his way to deliver a box of Valentine’s Day chocolates to their youngest daughter when he was stopped by agents who asked if he was (b)(6);(b)(7)(C) — her brother. When he said he wasn’t, (b)(6);(b)(7)(C) said, they forced him out of his car anyway and said, “Well, we’re detaining you.”

She says four days before her husband was detained, she provided her own address instead of her brother’s when submitting payment for her brother’s tickets in Manor, a town in Travis County just northeast of Austin.

Lawyers working on her case believe ICE officers waited outside the family’s home thinking (b)(6);(b)(7)(C) was (b)(6);(b)(7)(C) brother, who she said had been previously deported.

The Tribune reached out to ICE about the (b)(6);(b)(7)(C) case, and the agency said it was still working on that request as of late Monday afternoon.

The ICE field office in San Antonio, which includes Austin, said Monday the agency detained 51 foreign nationals, 23 with criminal convictions, in the Austin area last week. The Mexican Consulate in Austin reported 44 Mexican citizens were picked up on Thursday and Friday in the Texas capital — a number that included a few whom Consul General Carlos Gonzalez Gutierrez said happened to be “in the wrong place at the wrong time.”

(b)(6);(b)(7)(C) an immigration lawyer who has helped (b)(6);(b)(7)(C) told The Texas Tribune that “all kind of things look wrong” in the case against her husband.

“They were looking, apparently, for someone else, and he wasn’t that person but then they took him anyway,” (b)(6);(b)(7)(C) said.

ICE has criticized immigrant advocates for spreading “false” and “irresponsible” reports of widespread raids in immigrant communities. But (b)(6);(b)(7)(C) said the (b)(6);(b)(7)(C) detention fits a pattern of increased enforcement that goes beyond immigrants with criminal records.

Even though ICE’s PR campaign is that they’re picking up criminals and picking up people with prior deportations, and I’m sure some of them are, it already seems like a lot of them are not those people,” (b)(6);(b)(7)(C) said. “People who work every day and try to take care of their families are getting swept up [too].” After the call from the neighbor alerting her to her husband’s detention, (b)(6);(b)(7)(C) said she immediately began looking for him. She and her parents spent hours trying to track him down before she finally got a call from a toll-free number. It was her husband telling her to go pick up the car he left behind.

Ever since, (b)(6);(b)(7)(C) said she has remained close to a phone, waiting for more news from her husband.

“I’m in shock because we always saw this in the news and it only happened to other people,” she said. “It had never happened in my family, and it feels awful because it changes your life.”

(b)(6);(b)(7) said they can expect at least two weeks of legal procedures to get (b)(6);(b)(7)(C) out of detention. However, the timing depends on how full the court is.

“Because of the time he’s been here, because he has a clean history and U.S. citizen kids, I will be able to get him out on a bond,” (b)(6);(b)(7)(C) said.

(b)(6):(b)(7)(C) said her family will have to start rounding up money to free her husband and pay for attorney's fees as he fights removal from the country

Immigration lawyers advised (b)(6):(b)(7)(C) and her family to leave their home since ICE has their address on record. On Friday night, she moved her children and parents, who live with her, into her sister's house.

Friday was the day (b)(6):(b)(7)(C) was going to open his own food truck (b)(6):(b)(7)(C) a dream his family said he'd nourished for years. Now, the trailer sits empty on North Lamar.

The family went to church Sunday and sang in the choir as they regularly do — without (b)(6):(b)(7)(C) who was supposed to do his first solo performance at church. After mass, (b)(6):(b)(7)(C) and her daughters returned to her sister's home. Sitting next to a candlelit altar with a statue of the Virgin of Guadalupe, they tearfully retold how quickly their lives had been turned upside down.

(b)(6):(b)(7)(C) 12-year-old daughter (b)(6):(b)(7)(C) — who is part of a college readiness program and hopes to become a computer engineer one day — said her father would always drop her off and pick her up from school, so she was surprised when her mother picked her up on Friday.

"I saw her with teary eyes, and she said, 'You have no idea what happened,'" (b)(6):(b)(7)(C) said, speaking in both Spanish and English during the interview. "I thought she was kidding because my dad would never be caught by ICE, but then our neighbor confirmed the news, and my sisters and I started crying."

Hello all --

I am looking for info on a (b)(6):(b)(7)(C) detained by ICE on Friday Feb. 10 in or near Pflugerville, Texas. He's in Pearsall now. Want to know if he has a criminal records and/pr previous CBP/ICE encounters.

We talked to the family of Mr. (b)(6):(b)(7)(C) They say he was detained by ICE after dropping off his kids at school in Pflugerville. They claim he has no criminal record and no previous immigration history and that ICE initially thought he was his brother in law, (b)(6):(b)(7)(C) (b)(6):(b)(7)(C) did have a warrant for unpaid tickets from Manor, Texas plus a previous deportation and may have been sought by ICE, but (b)(6):(b)(7)(C) apparently is NOT in ICE custody.

Thanks,

## Statement from Secretary Kelly on recent ICE enforcement actions

WASHINGTON – Last week, U.S. Immigration and Customs Enforcement (ICE) launched a series of targeted enforcement operations across the country. These operations targeted public safety threats, such as convicted criminal aliens and gang members, as well as individuals who have violated our nation's immigration laws, including those who illegally re-entered the country after being removed and immigration fugitives ordered removed by federal immigration judges.

ICE officers in the Los Angeles, Chicago, Atlanta, San Antonio and New York City areas of responsibility arrested more than 680 individuals who pose a threat to public safety, border security or the integrity of our nation's immigration system. Of those arrested, approximately 75 percent were criminal aliens, convicted of crimes including, but not limited to, homicide, aggravated sexual abuse, sexual assault of a minor, lewd and lascivious acts with a child, indecent liberties with a minor, drug trafficking, battery, assault, DUI and weapons charges.

ICE conducts these kind of targeted enforcement operations regularly and has for many years. The focus of these enforcement operations is consistent with the routine, targeted arrests carried out by ICE's Fugitive Operations teams on a daily basis.

President Trump has been clear in affirming the critical mission of DHS in protecting the nation and directed our Department to focus on removing illegal aliens who have violated our immigration laws, with a specific focus on those who pose a threat to public safety, have been charged with criminal offenses, have committed immigration violations or have been deported and re-entered the country illegally.

I commend the heroic efforts of the dedicated officers of ICE's Office of Enforcement and Removal Operations and those who provided assistance from ICE Homeland Security Investigations, the U.S. Marshals Service, as well as cooperating state and local law enforcement agencies. These professionals put their lives on the line to protect our communities and country. There is no greater calling than to serve and protect our nation – a mission that the men and women of ICE perform with professionalism and courage every single day.

I just left a meeting with the FOD and you are being assigned to coordinate an AOR wide Fugitive Operation for early next year (probably February). You will need to develop an op plan, transportation plan and target list. The FOD expects 20 to 25 targets per officer; good viable targets with a chance for apprehension.

Talk to me or AFOD [REDACTED] if you need help and ideas. Also I will ask [REDACTED] to provide POCs for the other teams we have in the AOR.

Thanks,
